

BRITISH HAVE MANY TROUBLES

Housing Problem Leads to Emigration Trouble In England.

London, Eng., June 19.—British subjects trying to emigrate to the United States are having their troubles. Due to the lack of houses, the girl in the labor market and the high cost of living, hundreds of newly married couples are anxious to escape in some other part of the world where opportunities and conveniences are more plentiful.

In the Nottingham state district there is a line of men and women daily who are anxious to go overseas. When they say they want to go to Canada, Australia or some other part of the British empire, they are given every consideration and allowed to proceed as rapidly as limited transportation facilities will permit.

But if they want to go to the United States they must go through another line at the American consulate, where only about one in five would be admitted to get their papers to go forward.

The government emigration office, feeling perhaps that the same implies a severing of ties with the homeland, has changed its name to the Overseas Settlement office. The word "settlement" hereafter will be applied only to settlement outside the empire.

Warnings are being issued that the "settlers" that in many of

LAW INCREASES STATE REVENUES

Fifty-Eight State and National Banks Qualify As Depositories.

Austin, Texas, June 19.—By the operation of the new state depository law, the state will increase its revenue approximately \$200,000 annually, according to figures compiled by state treasurer J. W. Fisher. Under the new law there will soon be 57 state depositories which number ultimately is to be increased to about 200 while under the old law there were only 18 depositories with total deposits of \$900,000 as compared with \$1,000,000 under the new act.

Fifty-eight state and national banks have so far qualified as depositories and as far as they qualify and give the necessary bond of \$100,000 and four-fifths the amount of funds to be deposited, they are given a warrant for the entire sum called for in their respective bids.

The large cities in the dominions are crowded, and each application is asked to go fully into future plans before undertaking settlement abroad.

The Canadian have established schools for state who have married Canadian soldiers showing them how to raise chickens, milk cows and otherwise prepare for a farming life in the northwest.

TEXAS COLONEL at \$1.00—par value of the shares—in a Company of \$100,000 capital—with 15 acres—a mile northwest of TEXAS CHIEF—IS SURELY A GOOD BUY AT THIS TIME.

The Company is headed by the Hon. Tom Testerman—State Senator for Oklahoma.

Adjacent to the TEXAS CHIEF is selling as high as \$20.00 an acre. Fifteen acres on this basis would be worth \$300,000.

At the present capitalization and the present selling price, this acreage is selling on a basis of less than one-third of the top selling price. This Company can never drill all of its own property, and some attractive deals will be made—be believe—with other Oil Companies to drill their property.

DON'T OVERLOOK TEXAS COLONEL AT \$1.00 A SHARE.

SILVER CYCLE

The First Well Should Be On The Land Within The Next Week at Least.

The following telegram was received today, which reads as follows:

"Wichita Falls, Texas, June 18th.—Wilson Porterfield, El Paso, Texas: Silver Cycle now drilling at 1255 feet. Taylor well in Block 74 same is today looking good for 2000 barrels or better. Signed, J. A. D. Smith."

SILVER CYCLE adjoins the GOLDEN CYCLE—close to UNITED OIL—and surrounded by big wells and gasbers. It can't miss a big well, and stockholders should see a market profit—a big one—in the next week.

Listed on the El Paso Stock Exchange—and application has been filed for listing on the Los Angeles Stock Exchange.

Today's Market \$1.85 bid, \$2.00 Asked.

GILBERT-TRUE OIL

We are authorized to accept orders for GILBERT-TRUE OIL at \$1.50 a share. This stock is a dividend payer—has immense royalty possibilities—and should be bought as an investment. If there is a seasoned security offered in Texas today GILBERT-TRUE should be classed as one.

ANOTHER TEXAS CHIEF—IS GILBERT TRUE

For the 5 acres owned by the GILBERT-TRUE OIL COMPANY offsets the TEXAS CHIEF—that 5 acres which is now being drilled OUGHT to be worth the Company's entire capitalization.

The Company's Royalty and its settled production in the Burkhardt field warrants a higher price for the stock.

WE WILL ACCEPT ORDERS AT \$1.50 A SHARE.

THE MELTING.

I CAN wrest a sweetmeat from a child, with never a conscience jolt; It's easy to grab a blind man's cash and make a successful bolt; Evicting a widow from her home is the cause of a loud ha-ha, And it's pish and tush for her pleading wild, and likewise it's pish and bah! I oft foreclose on a mortgaged home, and turn all the inmates out; I can empty the baby's bank of cash with many a gleeful shout. It's not a difficult trick to cheat, and it's simple enough to rob— But I can't say "No" to a soldier boy who hits me for a job!

I CAN laugh to scorn all the sentiments I get from the pulpit; I never stop for a stricken child, as my motor car I steer; I like to see the shopgirl stand, as a street-car seat I grab; At saying charity workers nay I'm the town's official crab; I can go to my club and eat in peace when I've scorned a vagrant's plea; The newsie's crop of unsold sheets means nothing at all to me; I have sat unmoved through the cripple's tale and the down-and-out's sob, But I can't say "No" to a sailor boy when he hits me for a job!

I'VE never subscribed to an orphan's home—my pocketbook stays tight shut; When any one starts a charity lay I freeze 'em with my "Tut, tut!" They say that a clam just pulses life when the same is compared with me, And that never a fish with a colder fin has come from the boundless sea. My blood is congealed to a sluggish state, and my heart would chip a flint; It's said that the one look in my eye is the miser's steely glint; But I'm soft 'neath the doughboy's manly gaze and the eyes of the valiant go,

And I can't say "No" to the fighting man who hits me for a job!

Stars And Stripes.

It is not true that the Germans post-

poned signing the peace treaty in order to delay demobilization in America so that anti-prohibitionists would get perched about war.

Count Brockdorff-Rantzau is more determined than ever not to sign the treaty of peace, but it is probable that he will be careful to keep his fountain pen full of ink just the same.

Folks are warned to "buy coal now." Why, most of us haven't yet put in our ice order.

Predicts Hard Fight On Suffrage Issue In The Texas Legislature

Austin, Texas, June 19.—If the Texas legislature is a democratic body it will promptly refuse to ratify the federal woman suffrage amendment, said senator T. I. Clark of Fayette county, who is here spending a few days ahead of the extra session.

"By a majority of over 25,000 the people of Texas have gone on record as being opposed to woman suffrage, and in the face of these returns I cannot conceive how a Texas legislature which claims to be democratic, and representing the people can vote to ratify this amendment."

Senator Clark also asserted that the amendment would probably have been more badly defeated had not a large number of socialists voted for it. "In fact," he added, "virtually all socialists are suffragists, but I do not mean to say that all advocates of suffrage are socialists."

In his opinion the ratification resolution to be introduced in the senate by senator Ed. Westbrook and others should be promptly rejected, and would be if the senators carried out the wishes of the people as expressed at the polls.

Indian Superstition Discarded; Red Man To Appear In Movies

New York, June 19.—A pact between the chiefs of the Menominee tribes in Idaho and the Famous Players-Lasky corporation agents has been arranged, according to a telegraphic bulletin received at the company's offices last night. For the first time the Indians will permit motion picture cameras to be taken on their reservation and scenes to be enacted for photoplays showing the tribesfolk.

Heretofore a superstition has existed among the Indians that persons who were photographed by the motion picture camera straightway lost their souls.

A week ago Maj. Robert Warwick, noted Famous Players-Lasky star, and George Melford, director, succeeded in making their way to tribal headquarters in the Idaho hills, together with the east and cameramen of their new photoplay, "Told in the Hills."

Prolonged explanations and conferences followed, during which tribe leaders laid down their weapons and consented to pose for their pictures, providing they were allowed to keep the photographs—thereby thinking to keep possession of their "souls."
